Rohit,

Thank you for responding to our agencies request. Since this has been implemented with agencies in the South Florida region, we have already become familiar with the program. Our agency does not need a "familiarization" of how the program works. We are looking and wanting to come on board as another agency to have this program implemented in our agency as well as our city. I am going to guess there is going to be some form of an MOU (Some form of an agreement between Ring and us). If so, can we get that so we can move forward on it and get our agency on board with Ring as well as implementing it in the agency?

Sincerely,

Subject: Ring's Law Enforcement Program - Neighbors Portal By Ring

Officer Hachigian,

Thank you for your interest in our law enforcement program - Neighbors Portal by Ring. Please find a summary of our program, below.

Program Summary

Our platform combines the deterrent value of a visible security system (devices) with the power of an actively engaged community (via a free app) to reduce criminal activity and to help solve open investigations.

Neighbors Portal is Law Enforcement's access to our platform. Highlights include:

1. **No Cost** - Neighbors Portal by Ring is a free service offered to Law Enforcement.
2. **Community Engagement** - Law Enforcement's ability to join the conversation on

the Neighbors app (in response to videos or comments posted by the Neighbors community).

3. **Alerts -** Ability to post alerts based on proximity to the recipient, in the Neighbors app.
4. **Video Request -** Ability to request videos from Ring device owners who may have captured footage, that may be of help to you for new or active investigations.

We would love to share information on the program through a live webinar, as per your convenience and availability. Please have a look at the link below and book a time that works for you. The webinar shouldn't take us more than 1 hour.
